Main risk	Flight availability/pricing by route	Longer distance and final connection complexity
Hotel-area fit	Good for Shinagawa, Tokyo, Ginza, Shibuya depending on route	Good for Tokyo, Ueno, Shinjuku, Shibuya depending on route
Late arrival	Check final trains and hotel check-in	Check final trains/buses carefully; distance matters

- Shibuya - shopping, food, nightlife; busy and often expensive.
- Ginza / Tokyo Station - polished, central, strong rail/airport convenience; premium pricing.
- Asakusa / Ueno - value, museums, traditional feel; farther from west-side nightlife.
- Roppongi / Akasaka - dining, nightlife, central taxis; mixed fit by traveler.
- Ikebukuro - value and transport; less iconic first-time feel.
